"A" SQUAD

Forty boys, Coach Shupe, and Coach Patch, on August 15, started the pigskin spiraling through the air. The win-loss record, 1-6, reveals an up and down season. Our win was Homecoming against Lovell, 31-12, with losses being very close.

The outstanding trait was the varying deceptive offensive formations, one of which was our short pass plays. We look for a good season in '58 because out of nineteen lettermen, twelve will return. Seven seniors played their last game for FCVHS.

Willy Fossey and Harry Read were the Co-Captains with Neil Marsh as manager.

"B" SQUAD

This year's "B" Squad consisted of twenty-two boys, mostly freshmen, under the leadership of Coaches Okano and King. Last year's record was 1 win, a freshman scrimmage with Ft. Washakie and 3 losses.

We are looking for many of these boys being valuable assets to the "A" Squad next year.

Track Team

Although there isn't a regular conference for the track team, they are a big part of the athletic program.

During the 1957 season, Warren Snyder was the only Lander boy earning a letter, but enthusiasm is being built up, and more and more boys are becoming interested in the track team.

The highlight of the track season is in the spring when the track boys go to the District Tournament in Powell. Those qualifying at district then journey to the Class "A" State Tournament.

Boys' and Girls' State

Delegates, *left to right:* Bob Bailey, Ron Vanoss, Willy Fossey, Bob Newton, Bill Hayes, and Jim Thurston.

The object of Boys' State shall be to provide citizenship training for boys of high school age within the State of Wyoming, to afford them the opportunity to live together as self-governing citizens and to inform them about the duties, privileges, rights and responsibilities of American citizens in order that they may understand and participate in the functioning of our government. Each boy takes an active part in the recreation and also in the workings of the government, learning by being a member of the House of Representatives, a member of the Senate, or by belonging to the Courts. Each boy is required to try for an office of either State or County value in mock elections held. Jim Thurston won the office of Secretary of State.

Girls' State to us was an experience of a life time. In one week we learned such a great deal about our government and being a good citizen, we wish every girl could have the opportunity. We became acquainted with a girl in every town in Wyoming. You learn there is always one better and to be a good loser. Charlotte Brown was elected page in the legislature and councilman of her city. Joan Earl as assistant parole officer and Mary Kay Cheney councilman of her city. Really you can't lose at Girls' State because you have won by being selected to attend.

Delegates, *left to right:* Charlotte Brown, Joni Earl, Mary Kay Cheney.

Alternates, *left to right:* Lynda Rogers, Shirley Claycomb, Kay Lyon.

JIM THURSTON

The Student Council of FCVHS is the representative body of the Associated Students and the members are elected by the students with the consent of the principal.

The Student Council is the law making body of the students and it is their aim to give the students equal representation. The Student Council is a strictly democratic organization adhering to "Robert's Rules of Order" as a guide.

Also, in addition to representation, it is the intent and purpose of the Student Council to teach and inculcate the traditions of the school living and practicing democratic procedures. Likewise, teaching each student the values and opportunities in our school.

It is traditional for the Student Council to handle all the events of Homecoming Day. Last year the Student Council went over the old Constitution of the students, amended it, and ratified it. This year's Student Council is going over all club constitutions and ratifying them so the clubs will be representative of their true intent and purpose. Besides these activities, the Student Council takes on other problems that come up during the course of the year.
